Inward, outward, start from the ending
See me backwards, high, Monday morning
Inward, outward, start from the ending
See me backwards, high, Monday morning
Inward, outward, start from the ending
See me backwards, high, Monday morning
Inward, outward, start from the ending
See me backwards, high, Monday morning

Fine, uh
So chuck it to the left
And chuck it to the right
It's fine, it's time
So double-check that shit
It's fine

So go on
Go on
Why don't you tell me what it's like?
'Cause I know
I know
That everything is not alright
Thinking about
Thinking it's a freak-out
Stop, drop, and roll
Lose control
Are you normal?

Inside, outside, cold, touching Mondays
Walking sideways, down a crowded staircase
Inside, outside, cold, touching Mondays
Walking sideways, down a crowded staircase
Inside, outside, cold, touching Mondays
Walking sideways, down a crowded staircase
Inside, outside, cold, touching Mondays
Walking sideways, down a crowded staircase

Fine, uh
So chuck it to the left
And chuck it to the right
It's fine, it's time

So double-check that shit
It's fine

So go on
Go on
Why don't you tell me what it's like?
'Cause I know
I know
That everything is not alright
Thinking about
Thinking it's a freak-out
Are you normal?

Check, check
Check, check

Blindfolds on my eyes
And I can see when the timing's not right
It's a blessing in disguise
So I put on a happy face
Take me in the dark
And go back to a happy place
And no one's blessing is what's at hand
And we can be golden again
And I don't understand why the time is messed up
But I'm fly enough to touch ground

So go on
Go on
Why don't you tell me what it's like?
'Cause I know
I know
That everything is not alright
So go on
Go on
Why don't you tell me what it's like?
'Cause I know
I know
That everything is not alright
Thinking about
Thinking it's a freak-out
Stop, drop, and roll
Lose control
Are you normal?
(Go!)
