Lets spend the weekend  
just you and me babe.  
We'll take no phone calls  
no company  
Cause tonight is a special ride  
and we owe it to each other to talk.  
Oohhh about our feelings  
and giving love a try.  
What an emotoinal night.  
Now its time ot face the little things that should in time  
be in our lives  
and I dont mind letting ya know...

Let it be love  
let it be all I imagined it be.  
Hoping you found all you wanted in me.  
Girl lets make it right  
baby let it be love  
let it be love  
ohhh baby let it be love  
let it be love  
let it be all I imagined it be  
hoping you found all you wanted in me  
girl lets make it right baby let it be love  
let it be love (love, love, love... let it be love)

Honey I'm trying to make it work but  
you keep on saying you've been hurt and it said how to  
you expect  
to move forward when you live in the past  
Ohhh why are you keeping me on the outside?  
You do but you dont know why (oh why)  
do you wanna fall in love at all  
Will you decide if you'll be mine  
and I still hold on to the thought

Let it be love  
Let it be all I imagined it be  
Hoping you found all you wanted in me  
Girl lets make it right  
Baby let it be love

let it be love  
Baby let it be love

Let it be you  
let it be me  
we'll found our way  
you will see (girl you will see)  
You're everything (you're everything)  
I'm dreaming of (I'm dreaming of)  
You're everything (you're everything)  
I want in love (I want in love)  
And I still hold on to the thought  
let it be love  
let it be love  
let it be all I imagined it be  
Hoping you found all you wanted in me  
Girl lets make it right  
baby let it be love  
let it be love  
let it be love  
let it be love

Girl you know that I just cant live another day without  
you  
holding you  
loving you  
kissing you.  
Here's what I'm gonna do

Let it be love...  
yeah yeah yeah yeah

[chorus]

Let it be love  
let it be all I imagined it be  
hoping you found all you wanted in me  
Girl lets make it right baby let it be love  
Let it be love...
