J once smiled, smiled my way
J once looked back at me
J once found in a dream
and it is placed upon your face

Fly
fly so high
J once turned from blonde to black

For the light
for the light
and the glow
lightin' beauty

six times why
questions about you
time in place and time in mind

And I know you can't be someone else
I can sense it in your fragile touch
I know you can't be someone else
as you slowly gone to start
Illusions and eyes
again, Jeanna

And I know you can't be someone else
and I wonder what you saw
This time I caught you smiling
when you're replaced by empty streets
I'll be down,
stuck in time,
Jeanna
