Clean up the table, it's getting late
move my bed to me
seems like the walls have gotten thicker
faces I have known

It's a long life to lose
It's a long life to lose

I better try to
face it all alone
The glow inside her
I'm working for myself
To see her wake up in my bed tomorrow
givin' me a medication against sorrow

It's alright, ma
It's alright, ma
It's alright, ma
It's alright, ma

It ain't over yet
I'm just losing my time
to the letters she wrote
release this ball and chain
There's so many ways in the life to get stronger
but I'm weak as ice if I got back the time when I had her

Found it beating harder
on the dirt road you came
and the two-time-rumble
and the hope to her to come
why are you breaking up in tears
only work and only time to go

But It ain't over yet
I'm just losing my time
to the glow inside her
and I'm working for my self
to see her wake up in my bed tomorrow
we could be two lonely souls between the feathers

It's a long life to lose
without you
It's a long life to lose
without you
It's alright
It's alright
It's alright
when I found you
