It's turning out just another day

I took a shower and I went on my way

I stopped there as usual

had a coffee and pie

when i turned to leave

i couldn't believe my eyes

standing there i didn't know what to say

without one touch

we stood there face to face

Chorus

(And) i was dying indside to hold you

i couldn't believe what i felt for you

dying inside i was dying inside

but i couldn't bring myself to touch you

you said hello then u asked my name

i didn't know if i should go all the way

inside i felt my life have really changed

i knew that it would never be the same

standing there i didn't know what to say

first time looked away when i whispered your name

Chorus 2x

one hello changed my life

i didn't believe in love at first sight

but you've shown me what is life

and I now i know my love (i know it's coming right)

Chorus (fade
