If you were mine

I would celebrate like

Everyday was Christmas

If you were mine

I would love you like

It's nobody's business

I would give you everything I had

I would treat you right

I would make you laugh

Baby I would smile forever

If you were mine

If you were mine

Baby every night would be

A romance novel

If you were mine

I would quench your thirst

Like a tall glass of water

You would be my one desire

I would kiss you like a house on fire

Baby I would burn like crazy

If you were mine

If you were mine

If you were mine

Ohh, yeah

You're everything I can't resist

Just to hear your voice is bliss

It is

Yeah, it is

If you were mine I'd shout it out

We'd show the world what love's about

We'd never sleep in a big old bed

We'd just kiss and kiss and kiss instead

If you were mine I would be complete

And nothin' would be missin' baby

If you were mine

If only you were mine

If you were mine

If only you were mine

If you were mine

If only you were mine

If you were mine

If only baby

Yeah

If you were mine (if you were mine)

If you were mine (if you were mine)

If you were mine (if you were mine)
