Go, reach your own hype
Break your disguise
Tell me what you want
It ain't easy
No, you can't deny
What you've tried to hide
Just tell me what you mourn.

I think that you want me to know
I've been thinking that you wanted me to fail my love
And this is a situation
An assault, a wasteful contemplation

Will I dream of a life
That is open and just mine
Will I reach for the sky?

Save your love
You'd rather see us dead
You'd rather kill the sun instead
Of believing me
This liar

No, this ain't a fight
This is a trial
A maze of things that never seem to expire
And love I've done all to indulge
I've never claimed I was bold
You claimed the truth as untold

I think that I want you to go
I've been thinking that I wanted you to fail my love
Now this is a situation
A tragedy, a waste of affirmation

Cause I dream of right
It is open and insight
I will reach for the skies.

Save your love
You'd rather see us dead

I'd rather steal the sun instead
Than being with you
Now can you see me love
A liar with justice in his heart
You better believe

Breathing now,
Safe and sound
In land
No, you can't break me now
Strong and sound
At heart
