Focus focus
They are slowly waiting
For signs to lead them on
My mind is spinning around
For words

Any single touch or look I might meet
To correspond with my longfull heart
And then it will take me
And fill me with hope.

Cause I will be the best that I know.

I'm not saying nothing is wrong
But I hope that you will hold on
Not saying that nothing is wrong
But in time we have to move on

The malice and disorder
Was brought on us
In time it makes me bolder
At no cost.

If we don't look straight
The sun might even faint
Politicians vogue instead of telling us the plan
But when will they know and will they?

These paralyzing thoughts
They are caused by fear to fail
I refuse to stay astray
So I'll have faith.
And then we will know, and take on
The new world

Cause you should be the best you know

Cause it's not your fault, it's not your fault
And it's not my fault, it's not my-

Sing although the world might have seen better days

Bring whatever you can commit
In times like these we're all on call
[x4]

Sing it cause you need to believe it
I'm singing cause you don't know
Sing it now you believe it
I'm singing cause you now know
