Oh dust and bones  
That I have left behind  
Are monuments to those I used to know  
At least I know where I am on my own

I wanna be the last thing that you see  
Be my dearly departed  
Back to when you were the only thing  
I need  
Before I gave up, my dearly departed  
Gave up, my dearly departed

Your sticks and stones, are all that I've ever known  
I'm bruised but I'm not broken and I know  
At least I know where I am on my own

I wanna be the last thing that you see  
Be my dearly departed  
Back to when you were the only thing  
I need  
Before I gave up, my dearly departed  
Gave up, my dearly departed

None of the people who tried to could make me feel  
this way  
I'll gladly do my time  
I found you, unbound you, and tried to explain the only  
way,  
That I knew how to say

I wanna be the last thing that you see  
Be my dearly departed  
Back to when you were the only thing I need  
I wanna be the last thing that you see  
My dearly departed  
I wanna be the last thing that you see  
My dearly departed  
I wanna be the last thing that you see  
My dearly departed  
I wanna be the last thing that you see  
My dearly departed
