A continent of doubt
Weighs heavy on mind,
And how long can my brittle bones bend,
Before they yield and snap?

I don't wanna know,
Cause I'm so scared,
It's not gonna get easier than this,
Because it's too much to bare my darlin,
The weight of the world,
(Weight of the world)
And I would carry it for you,
But please don't ask me to because the
Weight of the world
Is a burden I can't bare
Is a burden I can't bare

Maybe it's gravity,
That pulls her to my chest,
Not the fear that she is the source of
What little strength I've got left,

I don't wanna know,
Cause I'm so scared,
It's not gonna get easier than this
Because it's too much to bare my darlin,
The weight of the world,
(The weight of the world)
I would carry it for you,
But please don't ask me to
Because the
Weight of the world
Is a burden I can't bare

My horizon lies a jagged line,
Ooh I can clearly see,
The mountains that I've yet to climb,
I'll get there if it kills me

Because it's too much to bare my darlin,
The weight of the world,

(The weight of the world)
I would carry it for you,
But please don't ask me to
Because the
Weight of the world
Is a burden I can't bare

no

And I would carry it for you,
But please don't ask me to
Because the
Weight of the world
Is a burden I can't bare
