Slow the World, slow the world  
I wanna turn round  
Messieurs et mesdames  
Les jeux sont faits  
For your ears only  
For your eyes  
A song to awake you my beauty  
Oh arise my beauty  
Strange hands  
have touched overnight  
Tick ticking hands so quiet

Love, love from U.S.S.R.  
Love, love from United States  
Why share share the world  
Let's share share the future  
So love me do loving arms

God's away on holyday  
Hip hip hurray!  
Teddy boys  
now fight and play  
Blues and evergreens  
Kings and queens  
Drink Vodka-Cola to your delight  
Play godfathers day and night  
Don't rock and roll us  
play it right  
God's pinball goes tilt
