Alright

Woo oo oo oo oo

Woo oo oo oo oo

Woo oo oo oo oo

Now people talking about solutions, over and over
Well now, we need a revolution, over and over
Well, I was talking about ecology, over and over
Now, we'll be saved by technology, over and over

While the cat next door spends all his time
[Incomprehensible] a self decline

I said, "No no no"

Woo oo oo oo oo

No, hang on a minute now

Woo oo oo oo oo

You gotta let me outta here

Woo oo oo oo oo

Go go go, ow

Now people talking about solutions, over and over
Like a mass execution, over and over
Well, I was working in a factory, over and over
Just trying to make it satisfactory, over and over

Well, all these information causes a manic frustration
I want my vaccination against castration
[Incomprehensible]

I said, "No no no"

Woo oo oo oo oo

No, hang on a minute now

Woo oo oo oo oo

You better let me outta here

Woo oo oo oo oo

Go go go, ow

Wow, no no no

I see people dying, over and over

Why don't I sit around crying, over and over

Yeah, I see people taking, over and over

Why don't I sit around waiting, over and over

Well, the cop on the street wants us down on our needs
The President says, "We've got to have peace"
Other people say, "We need our liberation"
Why the hippies say, "We're in love generation"

I say, "No no no"
Woo oo oo oo oo
No, hang on a minute now
Woo oo oo oo oo
You better let me outta here
Woo oo oo oo oo
No no no no no no

Over and over
Over and over
Over and over
Over and over
