She sneaks in the room, so sexy.
Off into a dream we go.
Your taste kills me.

Do you feel this to?
You just take me in.
And I never guessed.

Let's take off!
And fly away.
A new place.
Where I can be happy for you.

Fantasy prevails, so luring.
Brainwash me again, don't hurt me.
Show me how.

Do you feel this to?
You just take me in.
And I never guessed.

Let's take off!
And fly away.
A new place.
Where I can be happy for you.

Let's take off!
And dive into all that is here for you.
A new place.
Where they can be happy for us.
