Dear come down,
from the heavens,
Becoming my own, unveiled
Holding the sides up, I cried, then walked away,
Don't give into lesser minds, just walk away.

(come with me, save nothing)
No longer we walk alone,
days less unknown if I'd ever
learn the moves.
(I'll learn for you)

First vision my heart eludes,
this time I'm sold and I'd never
turn you loose,
who did this to you?

Tastes alright,
today in you....
Decays through the night,
Today is you.

They took a kiss with it painted on the cat's stare.
Triple homicide, is in the works.
Open the door to breathe your first of me.
All I know is I want more.

Bending back and then more just to get in your way
when there's not enough room
for even me on your plate?
Bending back and then more just to get in your way
when there's not enough room
for even me on your plate?

You're not the Goddess,
you're the Guinness of the catch all.
Kill Me, Trust Me.
Clip up the page of the cannibal cast call.
Kill me. Trust me.

When i come back to,

I look up and she knows
we, haven't thanked luck yet for taking us here,
let's go.
Without, the world beneath me

- Explodes.
