All over, searching for you.

That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!  
That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!

Saved our lives, older than new.  
They're coming, craving for you.

That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!  
That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!

The past means nothing,  
And he won't tell you.

Gates guarding, watching us all.  
Keep coming, it's not your fault.

That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!  
That's it right there, I got it alright!  
That's it right there, oh God, I got it, got it!

The past means nothing,  
And he won't tell you.

Everything you want will be right there for you.  
Everything you fear will be gone.  
(I don't wanna worry bout this shit anymore!)

Everyone will love and be there for you,  
Everything you've heard will be exactly.

All that you want he left undone,  
But you just couldn't let me be...

I got it, I got it, I got it, alright!
