Encouraged to dust it off,
And I know you remember,
When we suffer is it always the same.

I'll come save with my calvary,
please hold on.
All in all I'd say we're making progress.
When the whiteness of our clouds fade away,
Hold on,
Only choices are what's born at your side.

So open your eyes,

They can hear you inside,
Open your eyes.
Disguised and clearing the view,
I will never forget you.

You want more I want lessons learned.
Is it always the same?
I've tried to pull through,
Oh I'm lost without you and covered
In what you left behind. Surprise!

I'll come save with my calvary,
please hold on.
All in all I'd say we're making progress.
When the whiteness of our clouds fade away,
Hold on,
Only choices are what's born at your side.

So open your eyes,

They can hear you inside,
Open your eyes.
Disguised and clearing the view,
I will never forget you.

And it feels like always.
Can we put this hot topic aside?
Drop it all and run this test again.

Can we put this hot topic aside?
Can we agree you're so bold.
I didn't want it.

They can hear you inside
So open your eyes,
They can hear you inside,
Open your eyes.
Disguised and clearing the view,
I will never forget you.
