The leaves of gold are washed and bled, soaked in
amber
Radiate
I am burned alive

The perfect day for misery and to fall in love all alone
I am dead inside this place without you
So cold
With you I am whole (with you)

The pictures are bleeding, the sky is falling
Raining knives cut the floor
Would you say I am empty?
I hear the voice outside this transistor radio
Today's the perfect day
Ten thousand poisoned kisses stained

Today's a dream (is this a dream?)
The sun is gone, it's killing me
It's all I have known (all I know are shadows)
The pictures are bleeding, the sky is falling
Raining knives cut the floor
Would you say I am empty?
I hear the voice outside this transistor radio

Today's the perfect day (I know)
Ten thousand poisoned kisses stained
Today's the perfect day (I know)
Ten thousand poisoned kisses stained

(x4)
With my lost love I did it on my own
I did it on my own

Feelings that will never change, it hurts
Desperation in the cold
Save this last dance just for me

(x3)
Soon you will know (I did it my way) ten thousand
poisoned kisses

I have ten thousand poisoned kisses for you
