Untangle the knot (a dream)
Soften the glare (of you)
Merge with dust
With you
This window ceil vignette is cracked in bleach
Narsissistic trees of gold lie dead in heat
My forefather, the emperor, lives alone in outer space
These dreams, I am told, mean everything

This is the saddest story I hope you ever hear
Taste the silence, the blood, sweat and tears
Embrace the shadows
New born babe?
I am your ruler and you're my bloody-black bitch,
queen of spades

Sing a song of six-pence a pocket full of dope
(Yeah yeah yeah!)
Untie this tortured girl, the face of a beauty queen

Laugh out loud
Another (another) veil that's barely seen
These ugly dreams, I'm told, mean everything

This is the saddest story I hope you ever hear
Taste the silence, the blood, sweat and tears
Embrace the shadows
New born babe?
I am your ruler and you're my bloody-black bitch,
queen of spades

This is the saddest story I hope you ever hear
The pictures on my wall
It makes it clear

This is the saddest story I hope you ever hear
The pictures on my wall
It makes it clear

(This is the saddest story)

Turned into a muse I am buried alive before she eats
me whole
Tasting of cheap whine and stale lipstick
I will live inside of you
I will like inside of you
Lioness of the innocent, it tortures my life
I need to know why your killing me
So cold
You're looking beautiful I have to say
So cold
Please take me away

This is the saddest story I hope you ever hear
Taste the silence, the blood, sweat and tears
Embrace the shadows
New born babe?
I am your ruler and you're my bloody-black bitch,
queen of spades

I fell in love with your mask
But not you
Not the real you

This is the saddest storyâ€¦
