Amber Rose do you hear me calling?
Memories of my imperfections...

The suffering
Tears fall
They are memoirs, so breathe hard... Amber Rose

I am smothered by a memory of my imperfections
Convolutd of broken glass
The 16th day of May- the day I died
Hypocrisies
Tell me how this ends in your script called "Severance"
So in this room I ache and nurse these wounds
Of a tattooed heart and ink that stains
But none of it is real
You gave to me
These eyes cannot see
So please be careful this heart is special
Can you still love me even though I can't bleed?

So long my friend
Felt like it would never end
(or so they say)
So long my friend seemed like this would never end
(or so they say)

I am ????
???? that I will not die
This life photographs, movies, elixir of love and
cationic explosion
So please be careful this heart is special
Can you still love me even though I can't bleed?
So long my friend
Felt like it would never end
(or so they say)
So long my friend seemed like this would never end
(or so they say)

It's up to you (for you)
The severance (LA LA LA LA)
Breathe hard and count to ten, feel the love illuminate

I try but cannot see
Do you still remember sheets of misery?
And that final kiss
That day I could not bleed
The 16th day of May the day I died
Hypocrisies
Please tell me how this ends, the script you wrote
called "Severance"
And feel my pain, my life you took from me
So long
Just walk away
Will you still love me, even though I can not see?
Will you still comfort me, even though I can not bleed?
For you
