I stop and smell the lilacs
But you're just too late
You're just too late

I'm wondering where the time went
And I'm in your head
I'm in your head

Now we can't fight these thoughts
'Cause we are just too late
To let ourselves fall down too hard
I'm falling down
So catch me now
I'm wondering where the time went
I'm falling down
So catch me now
I'm wondering where the time went

I stop to tell you something
But you are just nothing
You're just nothing

Running from phrases
That repeat in your head
I'm in your head

Now we can't fight these thoughts
'Cause we are just too late
To let ourselves fall down too hard
I'm falling down
So catch me now
I'm wondering where the time went
I'm falling down
So catch me now
I'm wondering where the time went

She's gone too long
I just can't wait
'Til she comes back to me

Now we can't fight these thoughts

'Cause we are just too late
To let ourselves fall down too hard
I'm falling down
So catch me now
I'm wondering where the time went
I'm falling down
So catch me now
I'm wondering where the time went

I'm falling down
So catch me now
I'm wondering where the time went
I'm falling down
So catch me now...
