You are watching over me  
Every time I look to the skies  
So far away, yet I hear your cries  
Don't you want to be here now?

This is for all the gulls  
Makes me wonder why she calls  
Yet I know now why I'm crazy...

Cold days have come to us  
You are gone from my side  
But with every new tide  
A new day will dawn

This is for all the gulls  
Makes me wonder why she calls  
Yet I know now why I'm crazy...

Gulls in the sky  
Coming down for me  
Gulls passing by  
Chasing away my dreams  
Gulls in the sky  
Coming down for me  
Gulls passing by  
Chasing away my dreams

This is for all the gulls  
Makes me wonder why she calls  
Yet I know now why I'm crazy...  
This is for all the gulls  
Makes me wonder why she calls  
Yet I know now why I'm crazy...
