I always see you walking
In front of me
On your own
You better just run and go
I dream about you lately
The saddest style
All alone
Simply on your own

I never saw this coming
So suddenly
I need you right beside me
Eternity

You always had a problem
You cried about
All alone
You never hold in this war
But then I heard you argue
With the man in need
On it 's own, simply on it's own

I never saw this coming
So suddenly
I need you right beside me
Eternity
I never saw this coming
So suddenly
I need you right beside me
Eternity

I always see you walking
In front of me

I never saw this coming
So suddenly
I need you right beside me
Eternity

(I never saw this coming, coming, so suddenly)
I need you right beside me

Eternity
