Rest your head my love
I'm here to protect your dreams
Before the shades come falling over us

Baby I'm leaving / I'll be away
I have to go but I want to stay

You know I love you
My heart is bleeding with you
Before the shades come falling over us

Baby I'm leaving / I'll be away
I have to go but I want to stay
Baby I'm dying / I'll be away
Follow my dreams wherever I lay

I love you my angel
I'll never let you go
I'll fight your nightmares
Always with you

I won't ever forget you
Wherever you may go
I'm your dream of sorrow
Your tomorrow

Baby I'm leaving / I'll be away
I have to go but I want to stay

You know I love you
My heart is bleeding with you
Before the shades come falling over us

Baby I'm leaving / I'll be away
I have to go but I want to stay
Baby I'm dying / I'll be away
Follow my dreams / I'll follow your pray

Now it's too late to pray
It's too late to hold your hand
I'll stand behind you

'Til your fears are gone away
