A figure stands here so impressive  
Showing me the right way  
He's a king a demigod  
I do trust him but I am afraid  
To many hided things behind smoke rings

Dancing in a crowded place  
And felling alone  
All masks looks at me  
And judge me so hardly  
I'm like a queen  
Who escapes from her dream  
All the masks looks at me  
And judge me so cruelly

I want play this game so outrageous  
It's so dangerous  
Hiding in every corner like a murderer  
I'm wearing a mask which protects me  
Too much faces all around  
Trying to recognize anyone...

...Oh what a wicked day....

Dancing in a crowded place  
And felling alone  
All masks looks at me  
And judge me so hardly  
I'm like a queen  
Who escapes from her dream  
All the masks looks at me  
And judge me so cruelly
