Selene Surgis Camino Meus Illuminas
Selene Surgis Omnes Deorum Hac Nocte Appellas

Selene Surgis Camino Meus Illuminas
Selene Surgis Omnes Deorum Hac Nocte Appellas

I see your face shining white in the sky
You're next to me when the darkness falls around
Every time you're near I feel like I'm home again
My love follows me and prevents me my lonely end
Oh, I call you now, I need your help I need your love
You're my guide my Goddess my Selene
You're so precious, you're so precious...
...Goddess... Queen... Perfect... Angel... SELENE...
