Like in a dream

Somewhere far away, misty paths to follow
memories passing by, with every step I'm taking

Days floating by like in a dream
Days floating by like in a dream
Like in a dream

Shivering bits of water and pieces of the world
But the world is giving a bit of it's beauty
taking so much more

Calling for shadows anywhere that I turn
Blackbirds of the night tells me that I will never learn
I wont be able to see in the end
Moments with you seem to slip trough my hands

I don't know where this is leading me
I don't know if I even care
All that I wish is that it's somewhere far away from here
I don't know where this is leading me
I don't know if I even care
All that I wish is that it's somewhere far away from here
Far away from here
