We didn't want to, we loved you,
We'll watch them melt away
We'll watch them melt away
And as we fall through,
our lives become untied.

Crash like a wrecking ball,
Crash when they say we cannot fall.
As the Romans we play the size.
I smell a dirty war,
Their costs a burden to us all,
Text reflex and they choose what to ignore...
I can't do this on my own,

Elegant Chopters, Elegant Chopters
(Steal the show, we're dying here so lets go,
when did this become elegant?)

Hey what's up you've got the antidote
just what we need,
Come on, you've got society whipped.
This is important over our heads.

X2

Jesus Christ I'll hold my breath
right when they say we cannot fall.
Back apart, team fall back depart.
Fall back, apart - Team fall back depart.
Fall back, apart, team fall back!
I can't do this on my own.

Elegant Chopters, Elegant Chopters
(Steal the show, we're dying here so lets go,
when did this become elegant?)

This is important over our heads.
This is important over our dead.

Come on show us your scars
You don't get it at all.

You don't get it, she-FA!
