I am running from the pain
I am hiding from the torture
I can't breathe, I can't see
I can't talk nor hear
I need help from anyone
To rescue me
This is no dramatic scene
It's all the emotions that I feel

When you left me I became a wooden soul
You didn't give me the chance to tell you how I feel
Since you been away I feel like nothing will ever be the same
But until we meet again I'm just a ghost on your buried waters

You're a good looking man
But I can't see you
You're a wonderful speaker
But I can't hear you
Your skin's like a petal
But I can't feel you
Your presence feels like heaven
But you're not around
You completed me you held me tight
You needed me when I wasn't in sight
You helped me when no one would
You loved me like nobody could

Now that you're away
All I can say to you is

When you left me I became a wooden soul
You didn't give me the chance to tell you how I feel
Since you been away I feel like nothing will ever be the same
But until we meet again I'm just a ghost on your buried waters

Now that you can't hear my call
You can't catch me when I fall

It's impossible to see your face
Without looking in a picture frame
Now in my mind I'm with you
And it's hard because I miss you
And I love you and no matter what happens to me
I will always be yoursâ€¦

When you were on earth
I could feel things that I thought were never real
I could do things that I thought couldn't be done
I could say things that I don't say no more
I could tell you anything
But now that I don't have you anymore
My life is nothing
My life means nothing
And it's all because of you

When you left me I became a wooden soul
You didn't give me the chance to tell you how I feel
Since you been away I feel like nothing will ever be the
same
But until we meet again I'm just a ghost on your buried
waters

No one can take your place
No one is better for me
I may not have a good life
But I know it can't get any worse than this

(talking)

Since you been away I feel like nothing will ever be the
same
But until we meet again I'm just a ghost on your buried
waters
