You're my caramel pie  
Whenever I'm down you bring me high  
You're my caramel pie  
You haven't seen nothin yet

I'm tryin holla at this fella with the dimples  
He tryin front all up in the mall like he don't hear me  
though  
Now usually I would just smile about it and let it go  
But there was something about his style that made me  
wanna go for it  
So I just kept a little eye on him and watched him leave  
And yeah I followed him around the mall aggressively  
I should've known that he wouldn't suspect nothing  
That's when I followed him in the parking lot twilery

Now I can't say that I'm in love right now  
But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh

I heard you talkin to this lady down the street  
Tryin to help her in her car  
The lady was a stranger and you helped her carry her  
bags  
What a man, what a man I see  
So I took the bus and I followed you home  
Didn't know what kinda shit I was getting into  
But I didn't regret when I seen the house you pulled up  
to  
Saw you put in the code  
I jumped out the bus and I followed behind you  
I don't know why I guess I was curious  
Don't even know your name but I was in your crib  
And you didn't know I exist

Now I can't say that I'm in love right now

But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh

I saw your maid she gave you phone messages  
Told you  
You had a meeting next week  
You must be a business man  
Now baby I really can't stay away  
I followed you up the stairs  
You turned around  
I ran behind your couch  
Then you went up the stairs and you turned to the right  
And I followed you up there  
You went into a room with your picture hanging up  
And I went behind your bed  
You took of your clothes and threw in the corner by me  
And things were going through my head  
I stopped looked and watched  
Moments flushing by  
I don't know his name and I've seen him naked  
Boy oh boy I gotta have me some of this

Now I can't say that I'm in love right now  
But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh

Now I can't say that I'm in love right now  
But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh

I raise up and go downstairs where your maid was  
asking me how did I get in the house  
I tried to answer but before I could do anything  
She called the police on me  
The next thing I know there was all this screaming  
And you walked down the stairs slowly

As the police arrived to put the cuffs on me  
You said patiently  
No don't take her  
This is my girl  
I looked at you and you smiled at me  
At that moment the police let me free  
You came to me and touched me gentle  
You said I saw you following me  
I said the how come you didn't say anything  
Because I liked the attention you were giving me  
He touched my face and asked me my name  
I asked him his and we clicked it was just like that  
He held me tight and gave me a kiss  
I never thought it would end up like this

Now I can't say that I'm in love right now  
But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh

Now I can't say that I'm in love right now  
But boy you make me say ooh  
Be my caramel pie and I'll be your goody goody  
gumdrops  
Usually I go for a down-for-me-gotta-always-be-around  
kinda guy  
But I want you to be my caramel pie  
Because you make me say ooh
