Your lips to me are so sweet  
All the girls be lookin for the fellas wit the baggy jeans  
Spending dimes and shit on them hoochies on tha  
scene  
Buyin them jewelry and ice cream  
Anything a woman can dream  
They like sag real, real low  
That's how them ghetto boys flow  
But that's not all I'm tryin holla at  
It's not all about them jeans cool tats

I like dis one boy  
With the sweet lips  
Dis one boy  
I've got to admit  
Dis one boy  
That's my weakness  
Dis one boy that's got the sexy lips

All these hoes tryin to hustle all these fye ones  
They think the guys with all the cash are the real ones  
They try to hit but then they fail  
Because half these niggas can't stay out of jail  
I'm not looking for a long time relationship right now  
Because I already lost someone dear to me  
But I'm looking for the best quality  
And dis nigga got the cutest lips I've ever seen

I like dis one boy  
With the sweet lips  
Dis one boy  
I've got to admit  
Dis one boy  
That's my weakness  
Dis one boy that's got the sexy lips

Usually I keep these goodies on lock down  
But since I seen him I don't know how to act now  
He got that fye body and that naughty attitude  
Getting me weak in the knee making me get in the  
mood

But I just can't keep this to myself  
I gotta tell somebody else

I like dis one boy  
With the sweet lips  
Dis one boy  
I've got to admit  
Dis one boy  
That's my weakness  
Dis one boy that's got the sexy lips

Dis one boy  
Could be my sugardaddy  
Dis one boy  
Could have the key to my heart  
Dis one boy  
Has the lips of my dreams  
Dis one boy  
Could probably be all he seems

Now I know a lot of you hoes go for dem country  
hustlas  
Right  
And I know y'all tryin get some till payday  
Right  
And I know half dem niggas just wanna hit  
Right  
And I know they lookin for a girl who will do it all night  
Right  
But I just wanna get to know dis one guy  
Dis boy so fye I gotta get his number  
But there's other reasons why I chose dis one guy  
But  
But I he's got the cutest lips
