This song is just for you
And all the dreams you made come true
Now I know how much I love you
You made all my dreams come true
Come true
I wanna thank you for giving me the opportunity
To fulfill my needs
And pleasure all all my dreams
I know I haven't been exactly everything
I know I haven't done all the things you ask of me
But I assure you
All of what I did I did for you and me
Now it's one of those jump of the cliff things
You fall and I'll catch you
But this time baby
Me and you are falling

So this song is just for you
I miss you so much and all the things you do
I hope to see you again some day
Maybe in a dream
But this song is for you baby
Oh yeah

Now all the times we got in trouble
And all the times you got accused
I knew that I would always come right back to you
And though the money wasn't plentiful
We were always so thankful
We had all we need
Just you and me

So this song is just for you
I miss you so much and all the things you do
I hope to see you again some day
Maybe in a dream
But this song is for you baby
Oh yeah

Just for you
Just for you

Just for you
Just for you

I need you so much in my life
Just you

Just for you
Just for you
Just for you
Just for you

I need you so much in my life
Just you

We couldn't do nothing
We couldn't have everything we wanted
But that's all right baby
We'll stay together
Just think about me
And I'll think about you
You mean so much to be
Can't wait to see you again someday

So this song is just for you
I miss you so much and all the things you do
I hope to see you again some day
Maybe in a dream
But this song is for you baby
Oh yeah

So this song is just for you
I miss you so much and all the things you do
I hope to see you again some day
Maybe in a dream
But this song is for you baby
Oh yeah
