We're twins you know you're my man  
You feel what I feel and I appreciate that you're down  
for me  
You know I know what's going to happen for real  
And you got me to be your baby for life

I'm riding on my 22s bumped into you and it's funny  
cause I knew I would  
You said that you were on your way to the office and  
that you knew that I would bring you some food  
Well I was amazed at how you got my timing just right  
Baby we hardly even fuss or fight  
And I'm so glad that I got you in my life  
Because now I finally go to sleep at night  
No lie  
And it's strange that I found my perfect match only a  
couple of days ago  
And you feel the same way too boo  
But I can assure you this was meant to be  
So don't leave me ever baby

We're twins  
We're like this  
We're gonna be down for life  
We're twins  
And we'll be together forever  
And ever and ever and ever

Well it's time to fix dinner  
You had a long day  
You know I got your bath already taken care of  
I ran hot like you like it  
Well it's time to lay down  
Strip off my clothes and lay me down  
You put on me so so well  
And you're in a good mood  
So I'm in a good mood  
And baby baby that's so swell

We're twins  
We're like this

We're gonna be down for life  
We're twins  
And we'll be together forever  
And ever and ever and ever

We're twins  
We're like this  
We're gonna be down for life  
We're twins  
And we'll be together forever  
And ever and ever and ever

We'll be down forever boo  
There's nobody quite like you  
I love the things you do  
I hope you feel the same way too  
We'll be down forever boo  
There's nobody quite like you  
I love the things you do  
I hope you feel the same way too  
Oh...

We're twins  
We're like this  
We're gonna be down for life  
We're twins  
And we'll be together forever  
And ever and ever and ever

We're twins  
We're like this  
We're gonna be down for life  
We're twins  
And we'll be together forever  
And ever and ever and ever
