Tiffanie (reading poem):

Your beauty means everything to me
It's something powerful
It's something deep
It's something that everyone can't see
Your love is rare
Your love is mine
That's why I think about you all the time
You fill my cup
You know what's wrong
You keep me guessing all day long
I don't know what it is
That's got me caught up
But now I know I can't ever get enough
You got me trippin over this love
I just can't figure it out, it's tough
But as long as I'm with you
There's nothing I can do
But love you too

Sha'Cola:

I'm all about your beauty on the inside
The kind of things that can't be seen with the naked
eye
When I see your face I just want to cry
I can't believe that you are truly mine
And I love the way you keep my safety
I feel so secure when you're next to me
And now that I find you I won't be lonely
Because I got you and your beauty

Tiffanie: (Sha'Cola)

See I met this guy the other day
(Oh baby)
He said he'd like to have my number written in the palm
of his hand
(Oh baby)
I told him that he could have my number only if told me
his name
And he said his name is Thomas and he was a
business man

(Oh baby)

Well what I didn't know was that my feelings didn't
show I wanted to let him know I was feeling him so

(Oh baby)

He already knew that I did and saved me the spit and
said he didn't mind if I came over in a bit

So now you see that he's the one for me
Honesty, loyal, charisma and he's so deep
So now for me to try to see
Is how his love had really got to me

Sha'Cola:

I'm all about your beauty on the inside

eye
When I see your face I just want to cry
I can't believe that you are truly mine
And I love the way you keep my safety

And now that I find you I won't be lonely
Because I got you and your beauty

Tiffanie:

We had dinner like nice civilized people do
I had a new attitude
Because he put me in that mood
When he called me and asked to come to his place
And called a cab for me to get there
Now I'm usually not into fancy things
Jewelry and diamond rings
But this guy had some qualities
That I admire
And I desire
But I guess I'm kinda getting tired
This boy's charm really got me fired
It's like my heart is being wired
So we had dinner and he didn't make me feel
uncomfortable
I was so glad because this whole thing seemed
incredible
I used to think he's curtesy was questionable
But now that I got to know him he's manners are quite
edible
Now that I have him in my life
I'm going to keep things going right
Especially when I sleep at night

So now you see that he's the one for me
Honesty, loyal, charisma and he's so deep
So now for me to try to see

Is how his love had really got to me

Sha'Cola:

Tiffanie:

Oh how I love him so
Oh how I need him to be with me
Oh how can I make him see what's really going on
And I can't make him regret
That day that we met
I guess I have to give him all that I have
And make the sacrifice
To keep us together...
Oh.....

Sha'Cola:

Tiffanie:

Beauty...yeah, yeah
