Or could it be you cause you do your voodoo baby  
I never thought that one could really get the job done  
keep me warmer than the normal hot like sun  
see cause everybody wanna get down for a minute  
get a girl in your world and you take it to the limit  
this sweet young thing and me kicked it for a while  
but she gave me more drama than the OJ trial  
see my chest went boom when you walked in the room  
and I knew I wasn't needed here anytime soon  
I had to get your name number information  
because certain body parts had inflimation  
in fact from the front and the back you was hittin  
and I said damn from the place I was sittin  
to say I'm not sprung well Young would be a liar  
you're taking me higher adding fuel to my fire  
Chorus:

ya don't stop  
that's because you're adding fuel to my fire  
ya don't stop  
that's because you're adding fuel to my fire  
ya don't stop  
that's because you're adding fuel to my fire  
ya don't stop  
that's because you're adding fuel  
now body temperature's ninety eight six  
but I caught the fever when they put you in the mix  
no doubt hon straight up you got me open  
and I don't need aspirin or i v propen  
ooh look at you hella tight and on hit  
and you've got no idea girl what you gon' get  
just because I gotta fever that don't mean I'm hurt  
I have a hundred five temperature and still you work  
oh yes indeed lover give you what you need  
lover coming like Keanu with the speed lover cut me  
and I'll bleed  
lover but I never lose my spot the grooves I got is hot  
giving it my best shot  
so move around baby boogie to the sound  
and we won't stop rolling to the car breaks down  
and if it's a flat then yo I got a spair tire  
you're taking me higher adding fuel to my fire

Chorus

fine and genuine you had me high from jump  
and I have to worry bout paying at the pump  
cause the fuel is free don't need cash or credit  
you're the steamy one with the premium unleaded  
bonafied as you walk with pride  
see my tank is full so come and take a ride  
I got a clean front seat that's got your name on it  
we can roll to the crib for the night if you want it  
so boom-sha-lock baby listen to me rock  
cause you got more style than all the girlies on the  
block  
and I bet yo kiss can make a prince from a frog  
have the brothers sayin yo is it good to you dawg  
I say yes but not just to impress  
cause you look so right in that skin-tight dress  
and the flesh will fade because it's only skin deep  
you're not here to get paid because you're not that  
cheap  
so creep with me as we roll through the night  
and don't sleep with me until you know that it's right  
that was thirsty girl until you quench my desire  
you're taking me higher adding fuel to my fire

Chorus
