Love me,  
I'm here for you girl for whatever you need,  
I'll stand by your side girl ,for you I'll bleed,  
Nobody else can come between you and me,  
Only if you love me then forever we'll be lost  
in love unconditionally,  
But girl you got to let me know how much you care,  
How much you really love me cause our love is rare,  
I'll swim the deepest seas, I'll move mountains for you,  
Take you out and buy you things, anything for you girl,  
I want to let you know baby I love you,  
And if you trust me I'll put my trust in you,  
And if you love me to,  
Then baby what would you do?

Chorus:  
What would you do (x2)  
Girl what would you do?

Love me,  
Would you hold me closely in this time of need  
Would you be there for me,  
Love me,  
Would you remain by my side through these ruff time  
and keep your hopes alive,  
Love me,  
I know you their for me, I'm here for you to baby

Would you faithfully stay by my side until the day I die.

Babydoll listen to me and stay with me,  
And baby you will see so many things that I can do

You know I'm staying dedicated when it comes to you,  
I'm thinking about you cause you know I want to be with

You better be telling the truth and keep it real that's if

Just love me slowly and don't you ever leave me lonely,  
Cause I will never be the same if you would let me go,
