how do i get it right
when everytime i try all i do is mess things up again
and sometimes late at night, i look outside my window
and see you praying i wish for you
i think about what im going to say
when she finally walks my way
i cant even let her know how im feeling
its driving me crazy
im loosing my mind when i see her
kinda funny all the other girls tryna be her
all the other guys running around tryna see her

i wonder if..
i wonder if you ever felt this way
and im wondering if ill find the words to say
wish i could read your mind
and let you into mine
if only you would try
i could change your life
just wonder this sometimes
just wonder this sometimes
i can see behind your smile
thoughts you cannot hide
and i feel your calls for me
now i dont even know where to start with you
you got me so confused but i will not loose
i know just what im going to say to you when she finally
walks my way
im going to let her no how im feeling
no its amazing
im loosing my mind when i see ya
aint no other girl gna be ya
other guys running round tryna please ya
i wonder if..
i wonder if you never felt this way
and im wondering if ill find the words to say
wish i could read your mind
and let you into mine
if only you would try
i could change your life
they say that im wrong for you
when i know im right

they say that im rushing it when i know its time
and i know that youve got space for me in your life am i
right
said i wish i could hold you in my arms
i wish i could hold you
