

Silver Seas, The "We'll Go Walking"

Visit "[We'll Go Walking](#)" on [MotoLyrics.com](#)

Lets take a stroll just you and I
Now as the twilight fills the sky
Early evening in the rain
And in hand go down the lane

We'll go walking
We'll go walking
We'll go walking
There's really no place to go

Now as the summer starts to fade
Into the gold of autumn shade
Beneath an umbrella with you
There's nothing I would rather do
Then go walking

We'll go walking
We'll go walking
There's really no place to go

You got an overcoat, so far
We got leather gloves too
Even though there are rainclouds in the sky
It's just perfect for me and you

We'll go walking
There's really no place to go
