I had a dream - there was a rainbow
Over the mountains
over the sea - just you and me.
We'll go walkin' together
watchin' the sunrise over the trees.
Fantasy Island - all we ever dreamed of
True love - holdin' us together
star shine - Fantasy Island

Oh
I wished that we could stay like this forever.
Fantasy Island - all we ever dreamed of . . .
People like me can always believe in love on an island -
Surrounded by sea had a dream of love never leaving
But I know the love can live in a dream.

Fantasy Island - all we ever dreamed of . . .
Fantasy Island - all we ever dreamed of . . .
Aha
that all seems like magic
oh
yeah
dreams can come true.
Fantasy Island - all we ever dreamed of . . .
Fantasy Island - all we ever dreamed of . . .
Fantasy Island - all we ever dreamed of . . .
