Regard this an action unbroken
in time
This is the first thing that comes
to my mind
When i call up inside and the
black starts to show
Then hell is for chilren is all
that I know

C-c-calling
C-c-calling
C-c-calling inside

All of these movies of you in my
mind
Run on repeat and there's no place
to hide
Think it's a laugh to holler and
shout
Hell is for children that's got to
come out

Inside
C-c-calling inside

Keep calling me keep calling me
Keep on calling inside

You and me baby two of akind
Both got em kicking calling inside
