Once upon a time there was a girl
She didn't speak to anyone
When people tried to she just shyed away
And she'd been that way a long long time

Once upon a time there was a girl
And there was a party
And someone said let's write stories
And she read her one out aloud
And it started once upon a time

Was a girl that couldn't speak at all

Once upon a time there was a girl
She didn't speak to anyone
But that girl she don't exist no more
She's become somebody else

The girl that read her story out aloud
