A little love story
A true life story
She drifted into my life for a couple
of hours,
I haven't seen her since
I got no place to crash
But your eyes look kind

Can I get you something
No I don't wanna put on weight
And here's the reason why
She took out a picture
Maria's her name

Institutionalized
Different clinic than me
When I meet her
I got to be so pretty when i meet her

Run Rebecka
To the one you love
Ain't nobody
Stop you when you run

She said one thing to me
She said if you can't try
You're just a lonely kid
Full of tears inside
Full of tears
Inside inside inside inside
Inside inside inside inside
