The night rolls on  
The emptiness comes  
And I know with the dawn  
I'll never forget your name  
If in time, only the memory shall remain

If love has a heart  
Then so it will die  
But love, you and I  
Always and forever stay  
On my mind, soothing the loneliness that we find

[Chorus]  
In a dream gone by  
You appeared to show me our love was alive  
In a dream gone by  
Now I know my hunger will be satisfied

In each passing day  
The longer I roam  
The further from home  
Deep in the heart of me  
Love lives on, tenderly taking control of me

Though I carry on  
The reasons are wrong  
I wish I was home  
Holding you close to me  
Oh my love, just when I fear for my sanity

[Repeat Chorus]

D'amor corazon  
Un dia morira  
Y'amor estaras  
En mi memoria  
Calmando, la soledad que tengo adentro

In a dream gone by  
You appeared to show me our love was alive  
In a dream gone by

There's a place where everyone's love will survive  
In a dream gone by  
I can see the passion, that light in your eyes  
In a dream gone by  
Now I know my hunger will be satisfied
