Say goodbye to the wind in your sails
Say goodbye darling
Now you know there's no waves in those shells
Say goodbye darling
Tell me when
You will ever get back to that place again
To the place where you feel that you're safe again
Now you're in love for the first time

Say goodbye to the man in your dreams
Say goodbye darling
Now you know he ain't all that he seems
Say goodbye darling
If you could
You would tell everybody his love is good
And you're feeling a little misunderstood
Now you're in love for the first time

Don't worry, don't worry, I can read you like a book
Don't take much to get you hooked
Don't take much to get you hooked

When everything that you thought you knew is wrong
Hey baby call me I'll be the last one to string you along
Won't you just do one thing and trust in me
If you're looking for a lifeline
'Cos this is just the first time
And it sure won't be the last

Say goodbye to the wind in your sails
Say goodbye darling
Say goodbye to the man in your dreams
Say goodbye darling
Don't worry, don't worry...
