Are you willing girl
To share with me this crazy window world
Are you willing girl
Although you're gonna cry some tears
Don't answer yet, there's no going back from here

Are you worried now
Worried 'bout those crazy starin' eyes
Are you telling me
You're fool enough to want me too
Don't answer yet, there's no telling what I might do
Don't answer yet, there's no telling what I might do

Now here I am within this room
A prisoner in a home
When I tell you spread your wings for beaches you
should comb
You still come back to me
You still come back to me

Baby I've seen everyone
And taken every pill
But you're the closest thing I've got
To cure me of this ill
You know I love you girl
You know I love you girl

Now here I am within this room
A prisoner in a home
When I tell you spread your wings for beaches you
should comb
You still come back to me
You still come back to me

Are you willing girl
To share with me this crazy window world
Are you willing girl
Although you're gonna cry some tears
Don't answer yet
Don't answer yet
Don't answer yet, there's no going back from here
