When I see my baby  
What do your eyes see  
Poetry poetry in motion

Poetry in motion walking by my side  
Her lovely locomotion  
Keeps my eyes open wide  
Poetry in motion see her gentle swaying  
A wave out on the ocean  
Could never move that way

I love every movement  
There's nothing I would change  
She doesn't need improvement  
She's much too nice to rearrange

Poetry in motion dancing close to me  
A flower of devotion a-swaying gracefully  
Woh-woh-woh-woh-woh-woh  
Woh-woh-woh-woh-woh.....  
Poetry in motion see her gentle swaying  
A wave out on the ocean  
Could never move that way

I love every movement  
There's nothing I would change  
She doesn't need improvement  
She's much too nice to rearrange

Poetry in motion all that I adore her  
No number nine love potion  
Could make me love her more  
Woh-woh-woh-woh-woh-woh  
Woh-woh-woh-woh-woh
