Please, take it from the top and slap my face  
'Cause I can't take it, girl, I need some space  
I tried to treat you nice and now you're gone  
You really pissed me off, now the war is on

We look like lovers  
And sound like lovers  
But now we've had enough  
Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers

We look like lovers  
And sound like lovers  
But now we've had enough  
Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers tonight

Told all my soldiers of the street: "Gather up"  
Now that witch is gonna pay, her time is up  
Like a lion's on the bait - form a team  
Mission to vocalizer and to make her scream

We look like lovers  
And sound like lovers  
But now we've had enough  
Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers

We look like lovers  
And sound like lovers  
But now we've had enough  
Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers tonight

We look like lovers  
And sound like lovers  
But now we've had enough

Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers

We look like lovers  
And sound like lovers  
But now we've had enough  
Things getting dangerous  
Looks like you're down for us  
This is the sound of the ladykillers tonight
