Chorus:

I would limit dem days when I was the hat wings  
so I get away, so I get away  
I remember the times when I used to say.. why like oh  
why  
as leavin all these problems and get away  
and all these cards I was given  
I'm hopin that I'll make it out this place one day  
But until then I'll play my get away

Stepping out my window dreaming of a better day  
a big world out there I need to get away  
from all these emotions I'm hopelessness  
I know it well I'm steady calling heaven  
but all that tom is hell  
two times is real too real I just hope I can bear it  
I'm livin the way with no spot 'cause no helpers  
apparent  
but I ain't no helpless see my mama raise the fighter  
so I'm fighting demons steady skemon  
tryin to take my life but it won't go down  
you'd better know now  
I've never seen the ..like the ..of a profile unless I want  
to  
I ain't givin up there's so much I'm livin for  
and after ever free when I release from mental prison  
walls  
I'm a little spion I have been through the fire  
shocking everyone who thought I'll be dead on arrival  
no evil form to shut me against from ..  
you can never fulfill when you're tryin to win

[Chorus:]

They say life is hard but that's just a given  
I say my mind is scar and satisfaction I'm spitting  
..and putting my nigga who you Frank  
you see the streets got me weak  
but ..the proof is my cutchin

so I play on the track and I just give you my life  
I'm married to the game lane I just get you my wife  
and the Mry Jane face to my days and my nights  
and you can spare my name 'cause I'm braving I'm  
bright  
and I'm displaying my mike and this music I shit the  
light  
with my niggas 'cause we are a bit away  
and we all going stupid tryin lead from the bottom  
on the crib to the..you speak the acknowledge  
partnership that we've been though watership  
that we go through watership, that we live the most life  
that we shall the most life we fall  
you for the cake you just true the cinema of my own  
I get away like fugitive

[Chorus:]
