I Start the conversation..
(and you walk)
And you walk out of the room..

she was my everything, didnt think I would ever
say,loved her in everyway,but she didnt wana keep me

didnt know how to react when I was kicked to the curb
she did what was best, I cant blame her
cuz i was freak-a leakin on the weekends
and on the week days
was get a freak under the sheet days
it was 24/7 cheat days
i really had feelings for her why cheat shane?
i dont know
yellin her name but she dont hear me no more
im the studio like tank sayin dont go
uhh
i guess she got her ear plugs in
and wen i ask her questions i hear nuthing
so i guess were nuthing
so should i stop fightin for us hold up i feel a tear
comin

if she is....i swear he guna meet this chrome
ima find out were he live
call the crew up and rush to his crib

and there to correct me wen i wanted tell lies
but now im sittin a home
wit my ear on the fone
