Mibda mibda shilta shilta  
Michidolok nul... ilun nehga nan nan shilta

#### TRANSLATION

[JH] acknowledge my heart once more  
Accept these tears that are for you  
Not even expecting love,  
The ended story, the past story, yeah~

[CS] I hate you to death (even more you, who are like  
this)  
I hate myself to death (even more me, who is like this)  
[NK] just one more time, one more time, look at me  
Now I'm crying

[JS] I hate you so much I could die, I hate you  
I hate myself so much I could go crazy, I hate myself  
I I hate myself for being like this  
[JB] I hate you so much I could die, I hate you  
I hate myself so much I could go crazy, I hate myself  
I I hate myself for being like this

[WY] stop your heart that's turned away  
Accept this gaze that is looking at you  
Not even expecting love,  
The ended story, the past story, yeah~

[CS] I hate you to death (even more you, who are like  
this)  
I hate myself to death (even more me, who is like this)  
[NK] just one more time, one more time, look at me  
Now I'm crying

[JS] I hate you so much I could die, I hate you  
I hate myself so much I could go crazy, I hate myself  
I I hate myself for being like this  
[JB] I hate you so much I could die, I hate you  
I hate myself so much I could go crazy, I hate myself  
I I hate myself for being like this

[TC] baby, come back to my world  
Come back and be my girl

If you don't, know that I'll hate you to death  
Before this heart that has loved you turns into hate  
Come back, quickly. that you're sorry, please, tell me

[NK] look at me once more, locking our gazes  
Hold me once more, locking our lips  
Once more, once more, look at me  
Look at me, me, me

[JS] I hate you so much I could die, I hate you  
I hate myself so much I could go crazy, I hate myself  
I I hate myself for being like this  
[JB] hate you, hate you, hate you, hate you  
Enough to go crazy, I hate myself for being like this
