I'm sitting here babe thinking about you
Staring at the wall, I don't know what to do
Can you tell me where have you gone
No answer on your telephone. Tell me what I've done

You give me all I need and I can't live without you
Tell me what I've done baby, tell me what I've done,
Tell me what I've done

And you know what I feel, you turn me inside out
Take a chance, make it real, you are all my life's about
And I can't live without you
You give me all I need and I can't live without you

Pictures on the floor, the two of us
And your eyes are blue, made me feel the trust
Now the time is wrong to be alone
All on my own, it out go wrong

Everytime I see you girl I get wicked
So please don't leave me or else you wanna kick it
The love we share is not the one to lose
So don't be cruel and baby choose
I'm looking for your love, baby please be mine
Come into my heart and let it shine
I'd wait a million years and
I don't care about, I wanna be with you
